16	Greenbriar.....	New Orleans.....	46	1	0
17	Alps.....	do.....	25	0	0
18	Barranca.....	New York.....	53	17	0
19	Preston.....	New Orleans.....	33	1	0

One bill of health for Panaman port was viséed.

CUBA.

Report from Cienfuegos—Inspection and fumigation of vessels.

Consul Baehr reports, May 21, as follows:

Week ended May 19, 1906. Bills of health issued to 4 vessels bound for the United States, with 100 crew. The British steamship *Lugano*, bound for Galveston, Tex., landed here 3 steerage passengers, who were reported to be in good health. The vessel was fumigated by the Cuban authorities at this port according to prevailing quarantine regulations.

The sanitary conditions of these vessels were reported good; no sickness.

No quarantinable diseases reported at this port during the week.

Reports from Matanzas—Inspection of vessels—No new cases of yellow fever—Train inspection—Sanitary measures.

Acting Assistant Surgeon Nuñez reports, May 21 and 22, as follows:

Week ended May 19, 1906. Bills of health granted to 4 vessels destined for United States ports in good sanitary condition.

No new cases of yellow fever have been reported since May 18. The inspection of incoming trains from Bolondron and Union de Reyes has been established, and medical inspectors have been ordered to these towns and to Alacranes, in the same district, for the supervision of the sanitary measures which are being carried out and close observation of the nonimmune residents of the infected territory.

History of yellow-fever case.

The patient, a Spaniard by birth, A. R., 31 years of age, arrived in Habana from his native country as an immigrant seven months ago. After spending a month in that city he proceeded to a plantation colony
